MILITARY REPORT

Period Covered – 01/01/1800 to 05/01/2017

The “Military Report” was created using the computer software we use to inventory the Locust Hill Cemetery. This list was created using headstones, military records shared by relatives, obituaries and records passed on to us by George Stevens who used to place flags to mark the graves of veterans on Memorial Day. We currently have identified 140 veterans who are buried in Locust Hill Cemetery. If we have omitted your relative or friend and you can give us some documentation showing they were a veteran we will be proud to add them to our listing.

Our software has the ability to record dates of entry and discharge from the service. If you have any information, please contact us so we can add the information to our records.
